The Landing Obligation

State of play on the implementation : lessons learnt

EAPO President

Variety in vessel types and sizes

It's about fishermen and their families

5 minutes! that is all

Main Questions

- **Where are we coming from**
- **Where are we now**
- **Where are we going to**

This is not issuing of the basic regulation

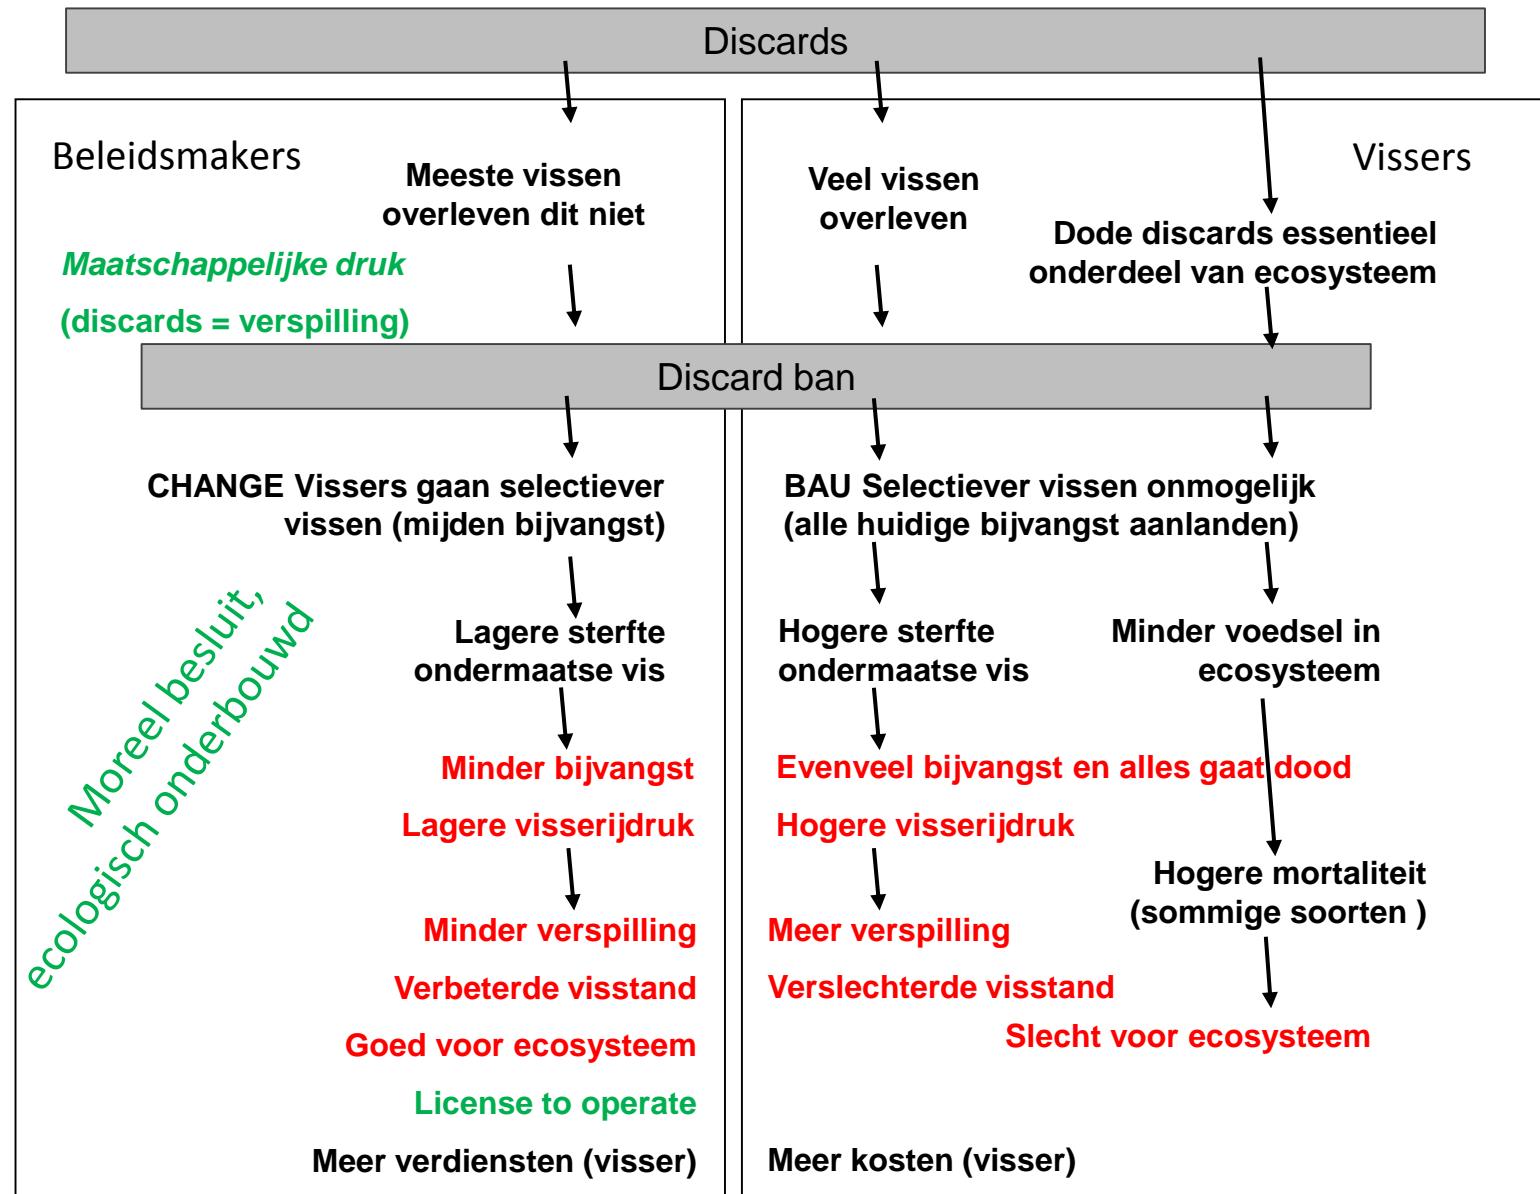

Colon /Columbus

- When he left he did not know
- When he arrived he did not know
- After return he still did not know

Imares research on the process

- Policy Making in a Multi Governance setting
 - Kraan & Trapman Imares C 196/15
 - Analyses of meetings between Ministry officials(including Minister) and fishers during 2013, 2014 en 2015
- Parallel monologues deepened the resistance
- Fisrehers representatives caught between

Parallel monologues

Gap between Dutch Minister and Dutch Fishers

- Vloot
- 1. 'de aanlandplicht is onmogelijk'
- 2. Graag principiële discussie
- 3. Benoemen van de onmogelijkheden , problemen en dilemma's

- Ministerie
- 1. 'de aanlandplicht is een feit'
- 2. Geen principiële discussie
- 3. Zoeken naar rek en ruimte in de implementatie

Two categories of discards

- Regulatory discards
 - Prime attention in EU, not in NL demersal
 - Choke species
- Technical discards
 - Prime attention in NL demersal, not in EU
- 2011 Economic damage estimated € 15.mio

5Projects

- CCTV - failed
- Net selectivity - good progress
- Survival - very hopeful
- Making most of discards - fishmeal only
- Best Practices

Amerika and Norway

Top Down and Police repression

Uitvoerbaar Naleefbaar hadhaafbaar

Supplying proteins for a growing population
