Branded foods

Bioindustrials

## For customers

We deliver finished goods to customers in the foodservice, retail, consumer packaged goods and industrial sectors

## We move products around the world

Roads

Rail

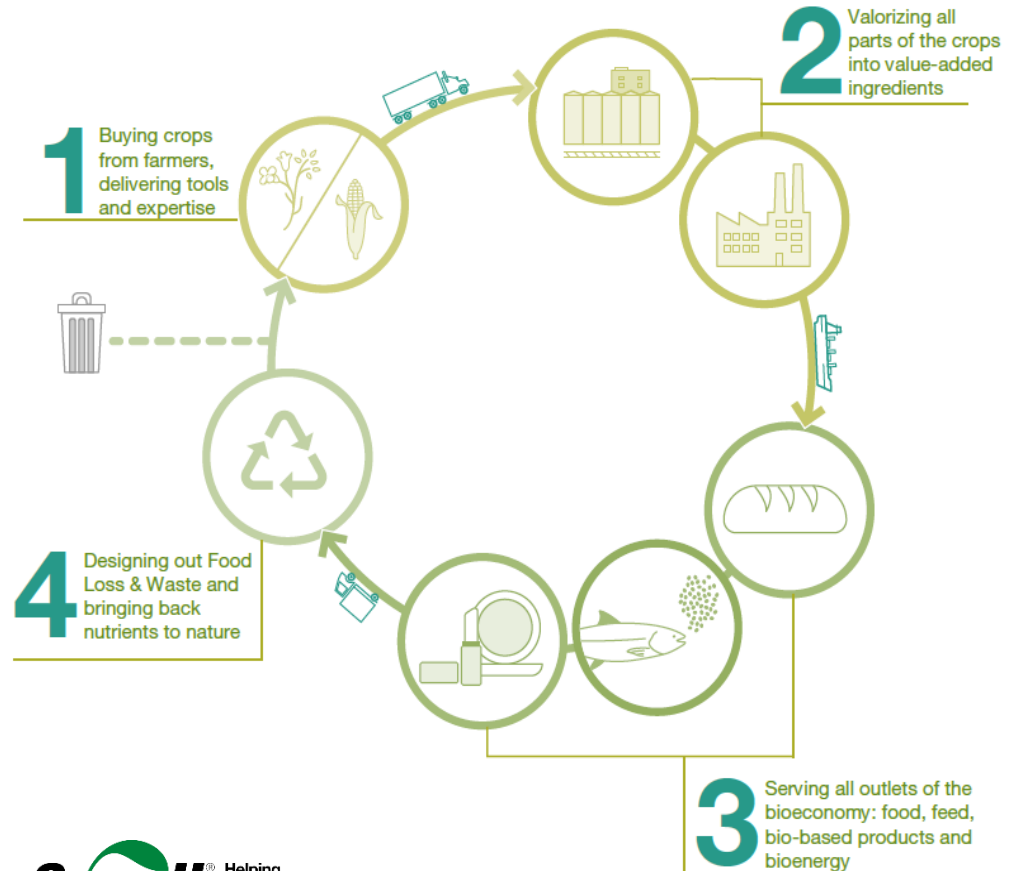

Rivers

Oceans

# Bioeconomy

Cargill serves all markets of the EU Bioeconomy and we believe there is a strong complementarity between innovations with a collaborative approach in **Food, Feed and Bioindustrial** segments.

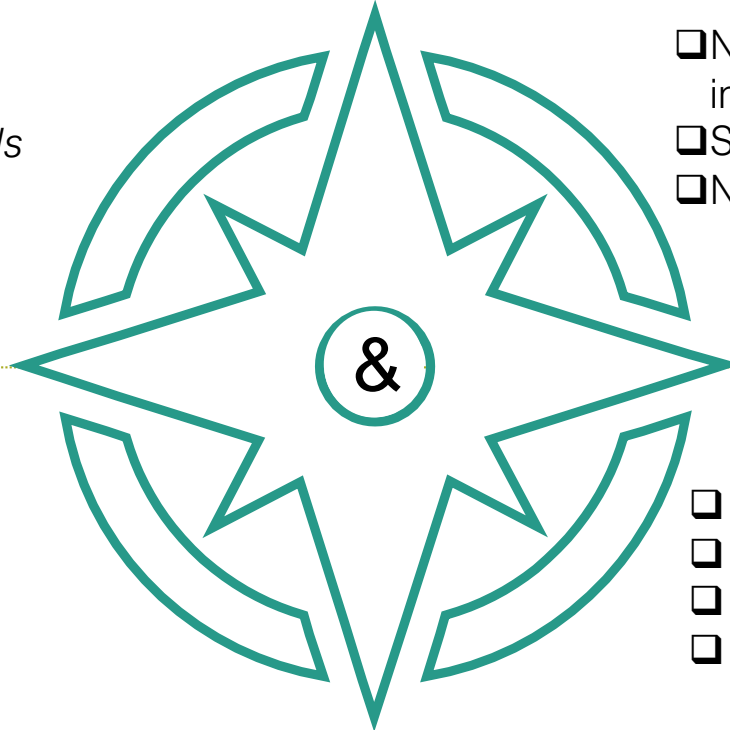

# Skills & knowledge for the Bioeconomy

Network

- Alternative processing
- Scale up, scale down
- Reconnect with *old friends*

- Novel intermediates, new intermediaries
- Systems thinking & calculating
- Novel markets & *new friends*

Existing

New

- Agronomy
- Biology
- Biotechnology

- Digitalization, A.I., Automation
- Accelerate SDGs
- Material Design
- (Re-)educate stakeholders

Internal

Helping the world *thrive*
